Mandatory Student Immunization Requirement

Minnesota Law (M.S. 135A.14) requires proof that all students born after 1956 are vaccinated against diphtheria, tetanus, measles, mumps, and rubella, allowing for certain specified exemptions (see below). Any non-exempt student who fails to submit the required information within 45 days after first enrollment cannot remain enrolled. This form is designed to provide the school with the information required by the law and will be available for review by the Minnesota Department of Health and the local health agency.

Exemption?

- I was born on or before Dec 31, 1956.
- I graduated from a Minnesota high school on or after January 1 1997.
- I have a medical or conscientious exemption and will provide the required documentation.
